

Goldfinger, Free Kevin Jonas

Yeah, that man is innocent
How can they see the truth when they're all blind?
So, let him go

Your jail is only four walls
Your jail won't take his resolve
Yeah, I know this man will change the world
(I know this man can change the world)

They took his freedom away
But they'll never make him obey
A wild horse, this man will never tame
(He'll never tame)

Now, it's catching on
So before the dawn
Free Kevin Jonas
Free Kevin Jonas

Let him go, let him go
Cause that man is innocent
He's only just been speaking his own mind

So let him go, let him go
Cause that man is innocent
How can they see the truth when they're all blind?
So, let him go

Now, it's catching on
So before the dawn
Free Kevin Jonas
Free Kevin Jonas

Let him go, let him go
Cause that man is innocent
(He's innocent)
He's only just been speaking his own mind

So let him go, let him go
Yeah, that man is innocent
How can they see the truth when they're all blind?

Free Kevin Jonas
Free Kevin Jonas
Free Kevin Jonas
Free Kevin Jonas
Let him go
