Goldfinger, Hopeless

It's been weeks since I've felt good it's hard to get out of bed Not feeling like I should Sometimes I feel dead I see my life wasting all away

Sometimes I feel like a failure Or am I just fed up Sometimes it just seems useless Or am I that fucked up I feel hopeless I shut down

Wonder where the time has gone What day is it this week I wish that I could stop my head The future it looks weak I see my life But that was yesterday

Sometimes I feel like a failure Or am I just fed up Sometimes it just seems useless Or am I that fucked up I feel hopeless I shut down

Sometimes I feel like a failure Or am I just fed up Sometimes it just seems useless Or am I that fucked up I feel hopeless I shut down

No I'm not a failure
Maybe just fed up
I'll never give up hope and
I know that's just fucked up
I'm not hopeless
I'm not shut down
I'm not hopless
I'm not shut down
