

# Goldfinger, King For A Day

Runnin' twice as fast I see  
you're getting sick again  
you're runnin' faster all the time  
If i could I'll take it away  
you know I would

Making plans to rule the world wooo  
spread yourself way too thin wooo  
wishing that you were king  
is killing you...  
denying that you're just a man wooo  
just makes you tire out wooo  
you've got to slow it down  
you're always running

And if I write this song to you  
would you listen up?  
cause this is your life  
is not mine  
If I could I'll take it away  
you know I would

Making plans to rule the world woao  
spread yourself way too thin woao  
wishing that you were king  
is killing you...  
denying that you're just a man woao  
just makes you tire out woao  
you've got to slow it down  
you're allways running  
Making plans to rule the world woao  
spread yourself way too thin woao  
wishing that you were king  
is killing you...  
yeah!

Runnin' twice as fast I see  
you're getting sick again  
you're runnin' faster all the time  
yeah, yeah, yeah  
If i could I'll take it away  
you know I would

Making plans to rule the world woao  
spread yourself way too thin woao  
wishing that you were king  
is killing you...  
denying that you're just a man woao  
just makes you tire out woao  
you've got to slow it down  
you're allways running  
Making plans to rule the world  
you're allways runnin'...
