

# Goldfinger, Stay

Well if I'm sorry  
Does that mean I have to change  
'cuz change does scare me  
I'd like to know how I would feel

and if you'll have me  
I won't leave or make you hurt  
'cuz I need you  
and I hope you'll let me

Stay - ay - ay  
let me stay  
You'll let me stay - ay - ay  
let me stay

So when I see you  
Please understand the way I think  
Your smile it heals me  
I never want to go away

Believe I love you  
No matter how selfish I get  
I know you'll help me  
The way I feel I won't forget

You'll let me stay  
You'll let me stay - ay - ay  
let me stay

I feel cold sometimes  
I turn my faith to fear  
I seem so lost sometimes  
Can you find it?  
Can you find it?

and if I'm sorry  
Does that mean I have to change  
'cuz change does scare me  
I'd like to know how I would feel

and if you'll have me  
I won't leave or make you hurt  
'cuz I need you  
and I hope you'll let me

Stay - ay - ay  
let me stay  
You'll let me stay - ay - ay  
let me stay  
You'll let me stay - ay - ay  
let me stay  
You'll let me stay - ay - ay  
let me stay
