

Goldfinger, Uncomfortable

Uncomfortable

I wish i was comfotable
Cuz I could show you lovable
I d sit another hour with you

Sympathy

I need a little sympathy
u asked me what i wanna be
I want a little time with you

If i could just see you again
I d show you who I am
If I could be with you again
I d show you what , I d show you what

Uncomfortable

I wish i was comfotable
Cuz I could show you lovable
I d sit another hour with you

Apathy,

I wish that wasnt half of me
i hope its not the end of me
not wishing never made it come true

If i could just see you again
I d show you who I am
If I could be with you again
I d show you what , I d show you what

Uncomfortable

I wish i was comfotable
Cuz I could show you lovable
I d sit another hour with you
