

# Goldie Hill, I Slipped Off My Wedding Ring

I slipped off my wedding ring just to have one little fling  
But I never really meant to be untrue  
I just thought you'd never know but I guess that cheating shows  
I slipped off my wedding ring and I lost you  
I should have known how people spy now since you're gone all I do is cry  
Though I cheated all in fun now I see the harm I've done  
I slipped off my wedding ring and I lost you  
[ steel ]  
I should have known...
