Goldie Hill, I Slipped Off My Wedding Ring

I slipped off my wedding ring just to have one little fling
But I never really meant to be untrue
I just thought you'd never know but I guess that cheating shows
I slipped off my wedding ring and I lost you
I should have known how peaple spy now since you're gone all I do is cry
Though I cheated all in fun now I see the harm I've done
I slipped off my wedding ring and I lost you
[steel]
I should have known...
