

# Gomez, 78 Stone Wobble

Ohh..

I was always told that you had to have the balls to breakdown  
Now I'm older I'm not too sure  
I was always told that you had to have a high to lowdown  
An expert told me back in the war

Open hearted surgery never works  
So eat your words or hide 'em in the dirt  
'Cause I don't need nobody to know me  
I don't want nobody to know

I was always told that you had to have the balls to breakdown  
Now I'm older I'm not too sure  
I was always told that you had to have a high to lowdown  
An expert told me back in the war

Open hearted surgery never works  
So eat your words or hide 'em in the dirt  
'Cause I don't want nobody to know me  
I don't need nobody to know

Oprah-hearted surgery never works  
So eat your words or hide 'em in the dirt  
'Cause I don't need nobody to know me  
I don't want nobody to know  
I don't see nobody to show me  
Hey
