

# Gomez, High On Liquid Skin

It don't matter anymore  
It don't matter much anymore  
'Cause it gets me down  
Lets my feet touch the ground  
Won't be lost, but I'm found

Do I care?  
Do I fuck  
I'm just bearing up  
Do I care?  
No, I'm high on Liquid Skin

Yeah, yeah, yeah

It don't matter anymore  
It don't matter much anymore  
Like the butter hits the floor  
It don't matter much  
Just Sod's Law  
'Cause we've come this far  
Give me a close, no cigar  
We're the people who we are

Do we care?  
Do we fuck  
We're just skinning up  
Do we care?  
No, we're high on Liquid Skin  
No, we're high on Liquid Skin  
No, we're high on Liquid Skin
