

Gomez, Hit On The Head

Hit on the back and that's just who I am
I'm gonna be your man, I'm gonna be your man

Hit on the head that made me what I said
Can't they just free just you and me

It was a hit on the head that made me what I said
What you waiting for?
Ain't gonna be around no more

Why don't you go or why don't you marry me?
Can't you see, everything's gonna be

Hit on the floor and I ain't carrying on
I'm gonna be gone, I'm gonna be gone

It's written in the law..
