

Gomez, Meet Me In The City

Meet, meet me in the city, girl
In the city feels right, girl
We'll get drunk on a fight, girl

Please, please don't leave me right now, girl
Right now, right now, oh no, oh no, no no no

You got me baby,
You got me girl
You got me baby,
You got me girl
You got me baby,
You got me girl

Sometimes I think I went out
But then again my my mind changed
Sometimes I think I went out
But then again my my mind changed
Im still begging you babe, begging you babe (yeah)
Im still begging you babe, begging you
Please, please don't leave me right now, girl
Right now, right now, oh no, oh no, no no no
