

# Gomez, Nothing Is Wrong

Sometimes I feel like something is wrong but  
the same goes for you.  
Yet you're not seeing the world at all, are you?  
The same goes for me.

Well this is not the be all and end all for us.  
The bein' and the endin' and all the above,  
there is more -- I used a little.  
A little used to be too much for me.

But we're not here to judge you.  
We wanna be your friends, now.  
And we can make you feel like everything that's gone wrong  
happened for a reason.

Somehow I feel like signin' up and  
the same goes for you.  
Sometimes your signature's worth nothing at all, and  
the same goes for me.

But this is not the bein' and endin' of us.  
The bein' and the endin' and all the above,  
there is more -- I used a little.  
A little used to be too much for me, for me.

But we're not here to judge you.  
We want to be your friends, now.  
And we can make you feel like everything that's gone wrong  
happened for a reason.

Well you can come with us, now.  
There's no need to be scared, be scared now.  
Cuz we can make you feel like everything that's gone wrong  
happened for a reason.

This is not the be all and end all of us, there is more.  
This is not the bein' and endin' of us, there is more.  
The bein' and the endin' and all the above,  
The bein' and the endin' and all the above,  
You want more, more, more.  
A little never was enough for me, for me.

Cuz we're not here to judge you.  
We wanna be your friends, now.  
And we can make you feel like everything that's gone wrong  
happened for a reason.

You can come with us, now.  
There's no need to be scared, be scared now.  
We can make you feel like everything that's gone wrong  
happened for a reason.  
We can make you feel like everything that's gone wrong  
happened for a reason.  
We can make you feel like everything that's gone wrong...  
it happened for a reason  
it happened for a reason
