

# Gomez, Pop Juice

You went there until you crash here  
Then woken up to wonder where the night went  
Keep breathing it'll come back again  
Tonight will be different  
We will all be saved

My name's Jimmy, I'm an alcoholic  
And I have been for 33 years or more  
So kill me, I will die without it  
It's like this wherever I go

So we crashed down in BB's  
Keep quiet because the question is elaborate  
You need a lawyer, a doctor, a drink  
To keep surviving  
Keep me firing

My name's Jimmy, I'm an alcoholic  
And I have been for 33 years or more  
So kill me, I will die without it  
It's like this wherever I go

I don't feel like going out  
I don't feel like going out  
Feel like going out

I don't feel like going out  
I don't feel like going out  
Feel like going out  
Feel like going out

My name's Jimmy, I'm an alcoholic  
And I have been for 33 years or more  
So kill me, I will die without it  
It's like this wherever I go

My name's Jimmy, I'm an alcoholic  
And I have been for 33 years or more  
So kill me, I will die without it  
It's like this wherever I go

Do you feel like going out?  
Do you feel like going out?  
Do you feel like going out?  
Do you feel like going out?  
Do you feel like going out?  
Do you feel like going out?  
Do you feel like going out?
