

Gomez, Pop Juice

You went there until you crash here
Then woken up to wonder where the night went
Keep breathing it'll come back again
Tonight will be different
We will all be saved

My name's Jimmy, I'm an alcoholic
And I have been for 33 years or more
So kill me, I will die without it
It's like this wherever I go

So we crashed down in BB's
Keep quiet because the question is elaborate
You need a lawyer, a doctor, a drink
To keep surviving
Keep me firing

My name's Jimmy, I'm an alcoholic
And I have been for 33 years or more
So kill me, I will die without it
It's like this wherever I go

I don't feel like going out
I don't feel like going out
Feel like going out

I don't feel like going out
I don't feel like going out
Feel like going out
Feel like going out

My name's Jimmy, I'm an alcoholic
And I have been for 33 years or more
So kill me, I will die without it
It's like this wherever I go

My name's Jimmy, I'm an alcoholic
And I have been for 33 years or more
So kill me, I will die without it
It's like this wherever I go

Do you feel like going out?
Do you feel like going out?
Do you feel like going out?
Do you feel like going out?
Do you feel like going out?
Do you feel like going out?
Do you feel like going out?
