

# Gomez, Shot Shot (Folk Shot)

Well, hey, how's tricks man? I  
Think I seen you before  
Blank blank to that

You looked a lot older  
You been working out  
What's wrong with that?

[A great wailing and gnashing of teeth]

Well he came back and he  
Came a-marching in  
Shot shot to that

You found a good reason  
You do it for the money  
What's wrong with that?

Control your bad side  
Into battle we go down  
Hold the line  
You'll survive  
Dead wrong

So please stop talking and  
Start puckering up  
My ears are blank

It's a special occasion  
So do it for the money  
Can't go wrong with that

Explode or capsize  
But find my going  
If you're down  
Hold the line  
You'll survive  
Dead wrong
