

# Gomez, Sound Of Sounds (Single Version)

Do you ever stop and wonder  
Where you'd be without her?

You listened, you listened, you listened  
To what she said to you

The sound of sounds enlightening

The whisper, the promise, the solace  
Of where you're lead to  
Yeah

The sound of sounds enlightening you

The sound of sounds enlightening

Have you forgotten who you are?  
(Have you forgotten who you are?)  
Have you forgotten who you are?  
(Have you forgotten who you are?)

Could you ever stop and wonder  
Could you live without her?

The sound of sounds enlightening you

The sound of sounds enlightening  
Oooh, oooh

The sound of sounds enlightening you  
(The sound of sounds enlightening)

The sound of sounds enlightening
