

# Gomez, There It Was

There it was  
Something beautiful  
There it was  
Something wonderful

Someone lying on my pillow  
Someone knocking at my door  
Here she comes  
Here she comes

There it was  
Something beautiful  
There it was  
Something wonderful

Someone lying on my pillow  
Someone knocking at my door  
There she was  
There she was  
There she was  
There she was
