

Gomez, We Haven't Turned Around (X-ray Version)

We came, we came, we came again
To stem the tide and point the blame
Came back for more
Came back to see what you had in store
Everyone join the line, everyone

So you wanna spin the world around?
So you wanna spin the world around?
And anybody else

So you wanna make catastrophe?
Won't you send it right over to me
I got some time

The same, the same, the same again
To steal the time and haunt the graves
Just because it's there
Don't mean you see it anywhere
Maybe it's a trick of the light
Maybe

So you wanna spin the world around?
So you wanna spin the world around?
And anybody else

So you wanna make catastrophe?
Won't you send it right over to me
I got some time

So you say we haven't turned around?
So you say we haven't turned around?
Just everybody else
