

Gomez, Where Are Your Friends

Came out flying
Around all swimming
Through former bad roads
And more old buildings

For all the latest sounds
I'm in
So where are your friends
You'll get in

Came out fighting
But round all singing songs
Sailing and failing
To find out where we belong

For all the latest sounds
I'm in
So where are your friends
You'll get in

For all the latest sounds
I'm in
So where are your friends
Yeah, you'll get in
