

Goo Goo Dolls, Before It's Too Late

I wonder through fiction to look for the truth

Buried beneath all the lies

and I stood at a distance

To feel who you are

Hiding myself in your eyes

and hold on before it's too late

Until we leave this behind

Don't fall just be who you are

It's all that we need in our lives

and the risk that might break you

Is the one that would save

A life you don't live is still lost

So stand on the edge with me

Hold back your fear and see

Nothing is real til it's gone

Hold on before it's too late

Until we leave this behind

Don't fall just be who you are

It's all that we need in our lives

So live like you mean it

Love til you feel it

It's all that we need in our lives

So stand on the edge with me

Hold back your fear and see

Nothing is real til it's gone

Hold on before it's too late

Until we leave this behind

Don't fall just be who you are

It's all that we need in our lives

Hold on before it's too late

Until we leave this behind

Don't fall just be who you are

It's all that we need in our lives

It's all that we need in our lives

It's all that I need in my life
