

Good Charlotte, The Fish & The Wart

The fish, a lonely creature
With only one good feature
Which was (yeah yeah)
A small wart on his face (yeah yeah)
Chorus:

And the fish in the sea couldn't find in themselves to deal with the wart
They were just fish I mean fish!
(yeah yeah)

Chorus repeats x 2

But aren't we all just lonely fish with warts on our faces?

Chorus repeats x 4

(slowly fades)
