

# Good Clean Fun, It's Time To Beat The Meat

You sit and face your final meal, you'll be the first to blink  
A reminder that you're still alive  
Frightened of this thing you feel but still you start to think  
What price for you to survive?

Join us! We need all the help we can get  
Together! We'll hedge our karmic bets  
Join us! Self-righteousness is fun  
Together! We'll convert everyone  
It's time we all saw the truth

I can't believe we've come so far, there's so much more to go  
And it looks like things are up to us  
It doesn't matter where you are, it only matters what you know  
It's time we said enough's enough

Speaking for a species that can't speak  
I'm talking about the slaughter of the innocent and the weak  
I call it a crime and now it's time to make a change  
You know we're ready to rearrange  
I'm on one mission, to kill an old tradition  
Make a meat-eater like a black and white television  
It's time to take the dying out of what we eat  
So get out of your seat  
Because it's time to beat the meat
