

Goodnight Electric, A.S.T.U.R.O.B.O.T

Oh you're so cool
Everything's so similar
Now that I knew
You're the one it's in the tube
Go! Don't be scared
I will catch and drive you someday
We will be together
gonna make a million lies
Yeah as you know it
It's beautiful to make them happy
Please drink no more
I'll treat you right and say goodnight
How it could be real
Let me know and let me be
Cause I just wanna be
Colorful like you
Fluorescent red
Fluorescent blue
Fluorescent yellow
Fluorescent green
Fluorescent orange
Fluorescent purple
Fluorescent pink
Oh you're so cool
Everything's so similar
Now that I knew
You're the one it's in the tube
Go! Don't be scared
I will catch and drive you someday
We will be together
