

# Goodnight Juliet, Let's never die

Pulseless hands, Here you stand  
My blood I quiver at the thought.  
You won't hurt me, Don't desert me  
I'm not afraid to die, I'm not.  
I don't know, What I'll do  
I cannot live, life without you.  
Wrap your arms around me  
Take me deep into the night.  
Whoa Ooh Whoa Ooh Whoa oh  
Take me to eternity  
Whoa Ooh Whoa Ooh Whoa oh  
Say you'll never leave me  
Whoa Ooh Whoa Ooh Whoa oh  
You already saved me  
You already saved me  
Time is such, a fickle friend  
It steals away our youth.  
Rip away what's blinding me  
Expose to me your truth.  
Live today, Die tomorrow  
Such uncertainty  
We're no longer in the realm  
Of rationality.  
Whoa Ooh Whoa Ooh Whoa oh  
Take me to eternity  
Whoa Ooh Whoa Ooh Whoa oh  
Say you'll never leave me  
Whoa Ooh Whoa Ooh Whoa oh  
You already saved me  
You already saved me  
You and I, You and I  
Were born to be together  
Take me now, Take me now  
Take me to forever  
You and I, You and I  
Were born to be together  
Take me now, Take me now  
Take me to...  
Whoa Ooh Whoa Ooh Whoa oh  
Take me to eternity  
Whoa Ooh Whoa Ooh Whoa oh  
Say you'll never leave me  
Whoa Ooh Whoa Ooh Whoa oh  
You already saved me  
You already saved me
