

Goodnight Nurse, A Shadow & A Prayer

Hope lies deep within
Lead the way
lead the way blinded
Be afraid
be afraid of this
Fate cuts through my skin
Lead the way
Lead the way blinded
Be afraid
Be afraid of this

Pain runs through my veins
Please take it away

I'm not ready to leave
I'm not ready to die
Hear my screams tonight

Fear hides in my eyes
Lead the way
Lead the way blinded
Be afraid
Be afraid be afraid of this
Truth is pushed aside
Lead the way
Lead the way blinded
Be afraid
Be afraid of this

Pain runs through my veins
Please take it away

I'm not ready to leave
I'm not ready to die
Hear my screams tonight

I'm not ready to leave
I'm not ready to die
Hear my screams tonight
