

# Goodnight Nurse, A Shadow & A Prayer

Hope lies deep within  
Lead the way  
lead the way blinded  
Be afraid  
be afraid of this  
Fate cuts through my skin  
Lead the way  
Lead the way blinded  
Be afraid  
Be afraid of this

Pain runs through my veins  
Please take it away

I'm not ready to leave  
I'm not ready to die  
Hear my screams tonight

Fear hides in my eyes  
Lead the way  
Lead the way blinded  
Be afraid  
Be afraid be afraid of this  
Truth is pushed aside  
Lead the way  
Lead the way blinded  
Be afraid  
Be afraid of this

Pain runs through my veins  
Please take it away

I'm not ready to leave  
I'm not ready to die  
Hear my screams tonight

I'm not ready to leave  
I'm not ready to die  
Hear my screams tonight
