

# Goodnight Nurse, All For You

Look at me  
Look at you  
Make my day  
I hope you  
Think of me  
When I'm away

Lightning strikes at my soul  
I breathe in deep breaths of hope  
And wake up from my quiet dream  
To see you so perfectly

And it's all  
And it's all for you  
And it's all  
And it's all for you

My day shines  
Thoughts of you  
Brightly glow  
Take me out  
Drunk on you  
Take me home

Lightning strikes at my soul  
I breathe in deep breaths of hope  
And wake up from my quiet dream  
To see you so perfectly

And it's all  
And it's all for you  
And it's all  
And it's all for you

Run away  
Run away  
Run away  
Run with me

Take my hand and we'll make it through  
I'll face my fears just to see you

Lightning strikes at my soul  
I breath in deep breaths of hope  
And wake up from my quiet dream  
To see you...

And it's all  
And it's all for you  
And it's all  
And it's all for you
