

Goodshirt, Not That Far

Do you get this art I wanna melt your heart
don't wanna bleed your soul oh, you lonely, lonely soul
lonely, lonely soul (lonely, lonely)

do you remember me right from the start
I think about that now that we are apart
from the start in the retail shop
I'm not a shopaholic, supersonic

"I've run out of storys to tell you
I'll have to make them up now
If you want me to, I will"

Now that we're apart we're on a lovin' love fast
But it's not that far because you're in my heart
I'm gonna see you soon when I start to dream
about you here with me in the middle of the sea
the deep deep sea

"I've run out of storys to tell you
I'll have to make them up now
If you want me to, I will"

I've run out, I'm running out, I ran outside
