

# Goodshirt, Place To Be

are you in the now  
smooth sheen  
dream to be seen  
as you want to be

control your primal instincts  
your break beat  
aesthetics  
control my world

"it's not a bad place to be, ohh  
it's so inevitable  
when it's how I see"

catch you in a trance  
your eyes tunnel through my head  
space colour voids in a room  
and lips like sliced liver

"it's not a bad place to be, ohh  
it's so inevitable  
when it's how I see"

catch you in a trance  
seen you in a dream  
the fall ....  
it lifts you up

"it's not a bad place to be, ohh  
it's so inevitable  
when it's how I see"
