

# Goodshirt, Sophie

just cause i know where she lives  
i won't stick around like adhesive  
instead i'll skin my knees  
and wait between

she'll tug on my imagination  
i'll wait for an indication  
systematic smiles  
with it

she's just so sweet so fine  
so polite too  
sophie i'd like to be for you  
but the only, only way i know  
takes so long, so long

aglow from her aura  
from far i'll adore her  
i think i'll leave this coin  
in my pocket

she'll tug on my imagination  
i'll wait for that indication  
systematic smiles  
with it

she's just so sweet so fine  
so polite too  
sophie i'd like to be for you  
but the only, only way i know  
takes so long, so long

she's just so sweet so fine  
so polite too  
sophie i'd like to be for you  
but the only, only way i know  
takes so long, so long  
so long...
