

Goon Moon, Give It All Away

Hello to all that is everything
Keep all the old ties behind
Goodbye to all that is nothing
Leave a trail so I can find

My way back home
To space we can grow
To a place we can go
To dine

Goodbye to all that is everything
Push push the old highs(?) inside
Keep rolling back on the yesterday
Catch your footsteps forward to find

My way back home
To space we can grow
To a place we can go
To dine

Give it all away (I'll take my)
Give it all away (I'll take my)
Give it all away (I'll take my)

Give it all away (I'll take my)
Give it all away (I'll take my)
Give it all away (I'll take my)

Hello to all that is everything
