

Goon Moon, Little Darlins

We know what scares us inside
Alone
We go right into denial
How long?

Bang bang
We gotta do it again
Slang slang
Slag slag
We got stuck in the trend
Drag drag

Little darlins, don't believe the big lies
Pretty babies, we all breathe and die

Little darlins, don't believe the big lies
Pretty babies, we all breathe and die

We (?) our (?) is a (?)
Shine on
We love until we regret
