

# Gorefest, All Is Well

I want to be like you I'm gonna be like you  
One thing I can tell I'm gonna be real well  
All I touch turns to shit This is my share of success  
I'm walking misery Forever I will be  
And I know that this will be forever  
Wipe off the dirt and struggle on forever  
All is well  
I never will go down I'm modern man - I never will go down
