

Gorgon City, MK, There For You

waited so long
thought you'd never come
you proved me wrong
cause out of nowhere, it felt so right
if I could go, go back in time
what I would do is love you sooner
I wish was there for you
wish I was holding you closer
than close every day of your life
I wish was there for you
but I wish that you were tere for me too

I wish I was there for you
there for you
there for you
there for you
there for you
there for you

I wish I was there for you
there for you
there for you
there for you
there for you
there for you
there for you
there for you
there for you
there for you
I wish I was there for you
and I wish that you were there for me too

I lose my mind going back in time
where you're mine, all mine
so many years so many tears of wishing that you were already here
maybe that's how it needed to be for you to get to me

I wish was there for you
wish I was holding you closer
than close every day of your life
I wish was there for you
but I wish that you were tere for me too

I wish I was there for you
there for you
there for you
there for you
there for you
there for you

I wish I was there for you
there for you
there for you
there for you
there for you
there for you
there for you
there for you
there for you
there for you
I wish I was there for you
