

Gorgon City, Voodoo

And it went, oh, right through me
I never felt a feeling like this before
Something just happened to me
Outta the ordinary, I can't ignore
Was it a spell put on me?
Some kinda voodoo, tell me, 'cause I'm not sure
Whatever happened to me?
No I don't need to worry, said it before

And it went, oh, right through me
I never felt a feeling like this before
Something just happened to me
Outta the ordinary, I can't ignore
Was it a spell put on me?
Some kinda voodoo, tell me, 'cause I'm not sure
Whatever happened to me?
No I don't need to worry, said it before

And it went, oh, right through me
I never felt a feeling like this before
Something just happened to me
Outta the ordinary, I can't ignore
Was it a spell put on me?
Some kinda voodoo, tell me, 'cause I'm not sure
Whatever happened to me?
No I don't need to worry, said it before

Some kinda voodoo
Some kinda voodoo
Some kinda voodoo

Some kinda voodoo
Some kinda voodoo

Some kinda voodoo
Some kinda voodoo
Some kinda voodoo

Some kinda voodoo
Some kinda voodoo

And it went, oh, right through me
I never felt a feeling like this before
Something just happened to me
Outta the ordinary, I can't ignore
Was it a spell put on me?
Some kinda voodoo, tell me, 'cause I'm not sure
Whatever happened to me?
No I don't need to worry, said it before
