

Gorillaz, Baby Queen

I met the princess from Thailand again
She had grown up
Into a queen
Down in the abyss where the night
Never turns to daylight
She kept me in a Polaroid
That was pinned up on her wall
Under Garuda's mirror lights
She takes flight
Yeah the kid's alright

You've grown up
Baby Queen
You've grown up
Baby Queen (you've grown up)

She fell into the generals (Oh, Baby Queen)
On the watch all around her
I fell into the vanity
The mirrored lights of our dreams

You've grown up (Baby Queen)
In my dreams where you've been (Dreams, dreams, dreams)
You've grown up (Baby Queen)
In my dreams where you've been (Dreams, dreams, dreams)
(Baby Queen)
In my dreams where you've been (Dreams, dreams, dreams)
You've grown up (Baby Queen)
In my dreams where you've been (Dreams, dreams, dreams)
You've grown up (Baby Queen)
In my dreams where you've been (Dreams, dreams, dreams)

Baby Queen
You were in my dreams
