

# Gorillaz, Broken

Distant stars  
Come in black or red  
I've seen their worlds  
Inside my head  
They connect  
With the fall of man  
They breathe you in  
And dive as deep as they can  
There's nothing you can do for them  
They are the force between  
When the sunlight is arising  
There's nothing you can say to him  
He is an outer heart  
And the space has been broken  
It's broken  
Our love  
Broken  
It's broken  
Our love  
Is it far away in the  
Glitter freeze  
Or in our eyes  
Every time they meet  
It's by the light  
Of the plasma screens  
We keep switched on  
All through the night while we sleep  
There's nothing you can do for them  
They are the force between  
When the sunlight is arising  
There's nothing you can say to her  
I am without a heart  
And the space has been broken  
It's broken  
Our love  
Broken  
It's broken  
Our love  
Broken  
It's broken  
Our love  
Broken  
It's broken  
Our love  
Broken
