

# Gorillaz, Last Living Souls

Are we the last living souls?  
Are we the last living souls?  
Are we the last living souls?  
Are we the last living souls?

Take a gun  
Or how you say  
That's no way you behave

Just a law, a new begin  
Sing a song that doesn't sin  
And it grows  
Hey, you know

Are we the last living souls?  
Are we the last living souls?  
Are we the last to get away to some another day?  
Do we know  
Well, we know  
Doesn't seem to be complete

Are we, are we the last living souls?  
Are we the last living souls?  
Are we the last living souls?  
Are we the last living souls?

Get up, get up, get up, get up...

What you say?  
Cause all I was on  
I got it down wrong  
I see myself to get  
And the Lord, seeing all now  
Can you take us in  
The part that comin' on  
The coldest man doesn't see it's all

We go to the car  
I see you walk to the far  
And when you get there do you see  
You fit the last you need on me

Cause we're the last living souls  
We're the last living souls  
Yeah, we're the last living souls  
We're the last living souls
