Gorillaz, Slow Country

City life Calling me later Leave my soul In deep water Never get a better chance So what you doing Gotta get money Ain't quite what you're doing I can't stand your loneliness Can't stand your loneliness Can't stand your loneliness Shout my life You won't get money From doing what you're loving Moving out of city Better have a second chance Get a lot of problems I can't stand your loneliness Can't stand your loneliness Can't stand your loneliness I can't stand your loneliness Can't stand your loneliness
