

Gorky Park, Politics Of Love

Call me a dreamer
My dream is sharp like a knife
I wanna look to the future
I wanna see you alive
Live in a TV
They say you've nothing to lose
They're never short for a promise
They're never short an excuse
You just
Look to the right
You got it
What?
POLITICS
Look to the left
You got it
What?
POLITICS
Look to the sky
You got it
What?
POLITICS
da da da da da da da da da
We need the politics of SUN
To shatter ice
We need the politics of RAIN
To stop the drought
We need the politics of WIND
To scatter clouds
We need the politics of LOVE
To work it out
The politics alone are not enough
We need THE POLITICS OF LOVE
Call me a dreamer
We only do what we can
I do believe we can change it
I wanna dream to the end
They say there's not enough love to go around
And not enough time to find it
Even if there would be enough love
They lie
