

# Gosia Bernatowicz, BELIEVE (feat. Kamil Krupicz)

I'm done with good old lies  
There is life outside that door  
I brought back some fairytales  
That are better than our own

Search inside your heart  
Keep trying  
Find at least some hope  
I know one day the saddest stories  
Gonna make us strong

I'll make you believe in, I'll make you believe in me  
I'm gonna be screaming, dreaming  
Breaking the ceiling  
I'll make you want to breathe  
I'll make you believe in, I'll make you believe in me  
In search for the phoenix  
Baby, I'll do my best to  
Make you want to breathe

I'm done with pain that comes  
Everytime you leave this room  
The storm brings a rainbow but  
These moments are so blue

Search inside your heart  
Keep trying  
Find at least some hope  
I know one day the saddest stories  
Gonna make us strong

I'll make you believe in, I'll make you believe in me  
I'm gonna be screaming, dreaming  
Breaking the ceiling  
I'll make you want to breathe  
I'll make you believe in, I'll make you believe in me  
In search for the phoenix  
Baby, I'll do my best to  
Make you want to breathe

I'll make you believe in, I'll make you believe in me  
I'm gonna be screaming, dreaming  
Breaking the ceiling  
I'll make you want to breathe  
I'll make you believe in, I'll make you believe in me  
In search for the phoenix  
Baby, I'll do my best to  
Make you want to breathe
