

# Gospel, If We Follow His Rules

He only gave us ten  
For us to obey  
But if we follow them  
We'll have better days

They're called golden rules  
And he wrote them in stone  
He said if they're obeyed  
He'll walk us back home

Chorus:  
The Bible speaks his words  
That were written and heard  
If we follow his rules  
We'll be nobody's fool  
We can climb heaven's stairs  
Where love is everywhere  
We'll walk his golden streets  
When our life is complete

If we follow his rules  
He'll help us pull through  
He will walk beside us  
In all that we do

He's not asking much  
In the things that he ask  
None of them are hard  
They're all simple task

Chorus:  
The Bible speaks his words  
That were written and heard  
If we follow his rules  
We'll be nobody's fool  
We can climb heaven's stairs  
Where love is everywhere  
We'll walk his golden streets  
When our life is complete

We can climb heaven's stairs  
Where love is everywhere  
We'll walk his golden streets  
When our life is complete
