

# Gospel Of The Horns, Vengeance Is Mine

Heightened pleasure, blackened name  
Cataclysmic rush, engulfs thy veins  
Falling into nothingness  
As you're chasing the sun

Darkened shadows, form a haunting maze  
Night shreds the light, eyes of fire  
The bite of the serpent, the final verdict  
A venomous fate...

Vengeance is mine

Ride the wings of eternal pain  
Ride on forever sin after sin... aaauuuuugh...

Shower me with lust  
And I shall give you timeless sin  
In the slumber of my bloodred hands

Chaotic frenzy, nihilistic flames  
The temple of virtues, burns the temple of shame
