

Gospel, Spread Out Your Wings

Living your life
Is fulfilling God's will
He's there to help you
To climb every hill

He's always watching
To see what you do
When you need help
He'll walk along with you

Chorus:
Spread out your wings
Forget other things
Enjoy living life
And all that it brings

You can't climb a mountain
Until you first try
And you won't get to heaven
Until the day that you die

God gave you love
So it could be shared
When you get to heaven
He'll be waiting there

Chorus:
Spread out your wings
Forget other things
Enjoy living life
And all that it brings
