And you know, you know it's gonna feel good
And you know, you know it's gonna feel good
And you know, you know it's gonna feel good
And you know, you know it's gonna feel good

Anything

Anything

Yeah, you know you got it

I would do anything to have it

Who cares what your friends say

You gotta try

I would do anything to have it

Oh

Oh

Oh

And you know, you know it's gonna feel good

And you know, you know it's gonna feel good

And you know, you know it's gonna feel good

And you know, you know it's gonna feel good

Anything

Anything

Yeah, you know you got it

I would do anything to have it

Who cares what your friends say

You gotta try

I would do anything to have it

Oh

Oh
