

Gossip, On The Prowl

I'm a firecracker on the 4th of July
I'll make your mama beg, I'll make your daddy cry
I'll walk a million miles for just one piece of your pie
I'm not a stranger, darlin', so don't you be shy,
I'll give you something that you'll never forget,
We're gonna do it till we're both outta breath,
Come on darling cause you're making me wet,
So give me something that I haven't had yet,
I'm gonna treat you right, just let mamma take your hand,
You betta hang on tight
I'm gonna treat you right,
Gonna take you home tonight,
It's gonna be better darling than you ever thought it could
I'm gonna give you something that you'll never forget,
We're gonna do it till we're both outta breath,
Come on darlin cause you're making me wet,
So give me something That I haven't had yet.
