

Gotthard, Come Alive

Could It Be Love
Could It Be Love Now (...)

I'm no angel, I'm no sinner,
Just an ordinary man
And I try to live my life the best I can

When the night is taking over
There's a place I want to be
Where the rhythm is the flesh for fantasy

I Come Alive, Come Alive, Come Alive!
Keep the good times rollin'
I Come Alive, Come Alive, Come Alive!
When you dance the night away
The only thing that gets me through the day

Could It Be Love
Could It Be Love now (...)

You got moves that make me shiver
I'm about to loose control
You fill my hunger, body, heart and soul

And my world is dressed in velvet
It's filled with neon light
No, I don't mind another sleepless night

I Come Alive, Come Alive, Come Alive!
Keep the good times rollin'
I Come Alive, Come Alive, Come Alive!
When you dance the night away
The only thing that gets me through the day

Could It Be Love
Could It Be Love now (...)
