

Gotthard, First Time In A Long Time

Time to call another girl in town
Time to take all of your pictures down
It's time to let them know, I'm still around

Wish I had the words to say it right,
The show is over, let's just say goodnight
And all the feelings that were locked inside
Are free

Cause it's the
First time in a long time, I'm here on my own
And I'm finding reasons, to carry on strong
There's no easy way to leave it all behind
Cause it's the
First time in a long time
I'll be all right

I might just take a ride on the open sea
A million miles from where I used to be
With every step I take, I do believe.. oh

I see my whole world from the inside out
One more reason not to cry out loud
A new beginning and I'll find my way somehow

Cause it's the
First time in a long time, I'm here on my own
And I'm finding reasons, to carry on strong
There's no easy way to leave it all behind
Cause it's the
First time in a long time
I'll be all right

I could tell you my story
'bout the hell I've been through, oh yeah
I've been praying for the answers
And all that really matters
Is coming out of the blue

Cause it's the
First time in a long time, I'm here on my own
And I'm finding reasons, to carry on strong
There's no easy way to leave it all behind
Cause it's the
First time in a long time
It's the, first time in a long time
It's the, first time in a long time
But I'll be all right,
I'll be all right

Time to call another girl in town..
