Gotthard, Let It Be

Don't know who's to blame Don't know who was wrong Love has died too soon After all had just begun Something in your eyes Tells me you still care Oh baby I swear

Deep inside my heart Deep inside my soul Something tells me no, I can't let you go Saw it in your eyes Last time when we met I will never forget

How can I say
Our love is gonna last forever
How can you go
With this empty broken heart
Of mine

Let it be, let it be Love's like a gun on me Let it be, let it be Like a bag of broken glass I was killed in the name of love

You never see it comin'
Doesn't tell you when it goes
Think it's gettin' near
Suddenly it's gone
Dirty little game
Don't even know your name
You just wouldn't stay

Did you ever worried
Askin' maybe please
Knew you couldn't take it
I would get on my knees
Searching for way out
But there ain't no doubt
It's like going blind
...get down on my knees for you

How can you say You love me but it's better this way If you don't need it anymore I'm drowning down like never before
