

Gotthard, Love For Money

Have you ever heard 'bout the news in town
There's a kinda girl, makes your head go round
Play the game, never fall in love
Back on the street when the night comes down

I love ya, Oh
Queen of heart, movin' underground
Everytime I feel I'm burning with desire
She says it's...

Love for money
Love for money and run
Love for money and run

Hotter than all I've seen before
She holds the key to heavens door
Dressed in red with that certain smile
Come n' stay for a little while

I love ya, Oh
Queen of heart, movin' underground
Everytime I feel I'm burning with desire
She says it's...

Love for money
Love for money and run
Love for money
What you see is what you get
Love for money
Love for money and run
Love for money and run

I love ya !
Yes, I'm sure, baby.
